WHAT THE UPGRADED SKILL DOES

1 · IDEA TO PLAYABLE GAME

From a meme or game idea to a playable game for browser and Seeker.

2 · WALLET INTEGRATION

Seeker Connect / Mobile Wallet Adapter (MWA) integration.

3 · RELEASE + DAPP STORE PREP

Signed release APK and Solana dApp Store preparation.

STREET MEAT

“Time the spinning cannon. Land on the roof. Miss, and the street eats you.”

01 A Halloween game for Solana Seeker, made with the DevFridge Game Builder skill

02 Tap FIRE to time the spinning cannon and land on the rooftop

03 Levels 1-3 free, Level 4+ with the Season Pass

04 8 lore fragments to collect

05 Gore toggle on the title screen

06 Prototype build: best score stored on the device

HOW I BUILT IT

NO COMPUTER.
JUST A SEEKER PHONE.

Install

1 · INSTALL THE SKILL

The DevFridge Game Builder skill in Grok Bot (an AI assistant app) on the Seeker.

Describe

2 · DESCRIBE IT

Describe the idea and pick “Seeker app”.

Build

3 · BUILD + PLAYTEST

Build and playtest Street Meat right on the Seeker.

Pitch

4 · PITCH IT LIVE

Pitch it live from the same phone.

LIVE PITCH INSIDE ONLYFRIDGE CLUB

Halloween Event · a Luma event inside the club
onlyfridgeclub.online

ONLYFRIDGE CLUB

A free 3D social nightclub, live on the Solana dApp Store and at onlyfridgeclub.online.

LUMA EVENT

The live pitch happens at a Luma event, inside the club.

Solo

ONE SOLO DEV

Prepared and presented by one solo dev.

Seeker only

FROM BUILD TO PITCH

All on the Seeker. No computer.

WHY IT MATTERS

01 GAME CREATION NO LONGER NEEDS A DESK

02 A SEEKER IS ENOUGH TO BUILD, TEST AND SHIP

03 THE SAME FLOW IS OPEN TO ANY BUILDER, THROUGH THE DEVFRIDGE GAME BUILDER SKILL

THE BIG IDEA

BUILDING AND RUNNING GAMES DIRECTLY ON MOBILE CAN BECOME A REAL EXPERIENCE IN THE SOLANA MOBILE ECOSYSTEM.
